475DI
MS XP PLUS
31.3 kW (42 HP)

Specification:	Mahindra 475DI MS XP Plus
Engine power kW (HP)	31.3 (42)
No. of cylinder	4
Max torque (Nm)	167
Maximum PTO kW (HP)	27.9 (37.5)
Rated RPM	2000
Steering type	Dual acting power steering / Manual steering (optional)
Rear tyres	346 x 711 mm (13.6 x 28) 315 x 711 mm available
Engine cooling	Water cooled
Transmission type	Partial constant mesh
Ground speed (km/h)	F-2.9 to 29.8 R-4.1 to 11.9
No. of gears	8 forward + 2 reverse
Clutch	With single (standard), dual, RCRPTO (wake)
Hydraulic pump flow (l/min)	29.5
Hydraulics lifting capacity (kg)	1500

*Terms and conditions apply. Accessories and images shown in Creative may differ or change from time to time.

Features that make it tough

Unmatched Power

Powerful ELS DI Engine

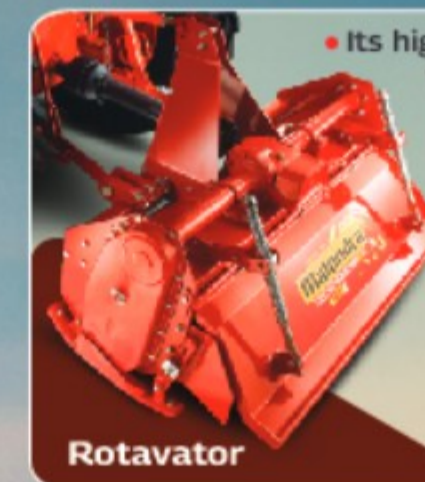

Best in class mileage

6 years warranty for the first time in the industry

Tough in every farming work

Rotavator

- Its high PTO power, high max torque and high backup torque make even the toughest soil crumbly
- Covers more area in less time
- Best-in-class mileage due to low SFC

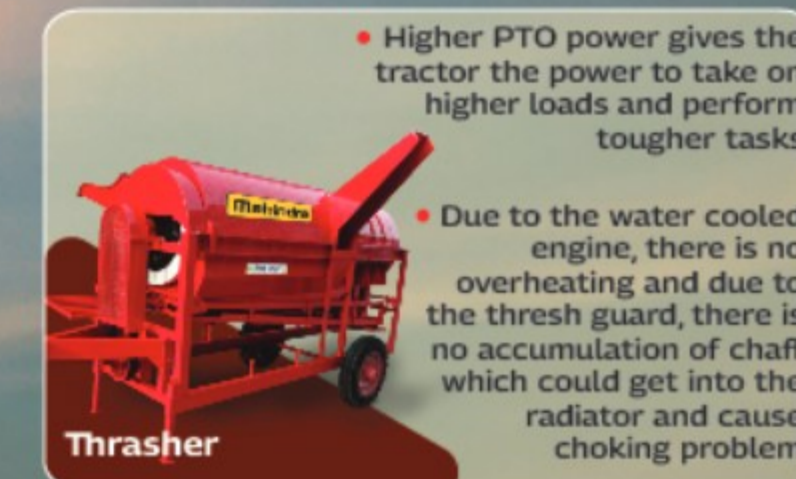

Reversible MB Plow

- Its highest max torque helps in tough tasks like deep plowing in hard soil and keeps the implement in constant contact with the ground

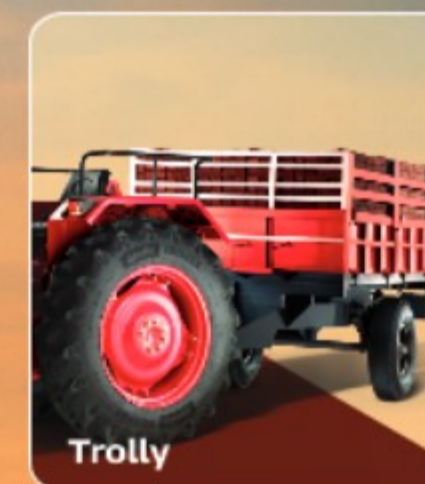

Cultivator

- Due to the correct weight of the tractor, plowing is done deep and during plowing the cultivator remains continuously embedded even in tough soil
- Advanced ADDC hydraulics ensure uniform and deep plowing across the field

Thresher

- Higher PTO power gives the tractor the power to take on higher loads and perform tougher tasks
- Due to the water cooled engine, there is no overheating and due to the thresh guard, there is no accumulation of chaff which could get into the radiator and cause choking problem

Trolley

- Higher load pulling power with greater stability
